Committee Discussion
- 12:25 p.m. Public Comment**
- 12:30 p.m. Adjourn**

Presenter Questions

- What strategy would you recommend for achieving interoperability across the country? Is a single strategy sufficient, or is it more likely that a hybrid strategy will be needed?
- What is the role of your organization's approach in a global strategy for interoperability? What are the strengths and limitations of your organization's approach and how might other strategies complement it?
- Is there a good business model supporting your organization's strategy? How would it fit or complement business models of other approaches?
- What would you recommend to facilitate your business models or remove barriers?

Charge Questions

- What financial/business barriers to interoperability exist in the ecosystem?
 - Where do the barriers lie? i.e., which stakeholders?
 - What's the impact of the barriers/practices on the ability of other stakeholders to interoperate?
- Which of these are being addressed by initiatives underway today? Where is progress being made? Where do the gaps still exist?
- What actions need to be taken to address these financial barriers/practices?
