Role: Accept EHR Clinical Data
-Should we require multisource data analytic capability?
-Should capability to import and analyze data for patient reported outcomes be required?
Role: Data Stewardship
-How can we ensure that Privacy and Security of information is maintained? Attestation? Auditing?
Role Measure Innovation:
-How can we ensure that QCDR measures are of high quality? NQF? Other process? Attestation to rationale, validity, reliability?
Role: Reporting To Clinicians
-Should there be a standardized report on both clinical quality and data quality to providers?
-Is a short term expectation that registries that report on eCQMs for EHR Incentive Program submit to HHS as Certified EHR Technology unreasonable?
- 9:25 a.m. Public Comment**
- 9:30 a.m. Adjourn**
