

Testimony to the HIT Interoperability & HIE Workgroup's Governance Subgroup - 8/22/14

- Interoperability and successful governance models exist today. We should leverage the extensive experience and success.
- A flexible, adaptable governance model that supports rapid growth and innovation is essential to supporting interoperability.
- Open collaboration is key.

Testimony provided by:

Kitt Winter, Chair, eHealth Exchange Coordinating Committee
Governmental Liaison, Healtheway Board of Directors
Federal Agency Representative, Carequality Steering Committee
