

## Test Scenario Data for §170.314(a)(5) Problem list

Reference the test scenario procedure for test scenario data implementation guidance.

SNOMED CT<sup>®</sup> terms and codes are not required for display in the EHR interface to meet this certification criterion. All status and date data are Vendor-supplied; no standard format is required; dates are to include month, day and year.

### Ambulatory Setting Test Scenario Data

#### Patient Demographics

**Name:** Myra Jones  
**Sex:** Female  
**Date of Birth:** 05/01/1947  
**Race:** White  
**Ethnicity:** Not Hispanic or Latino  
**Preferred Language:** English (ISO 639-2 alpha 3 code: eng)

#### TSD170.314(a)(5) – 1: Electronically Record Patient Active Problem List in an Ambulatory Setting

Using IHTSDO SNOMED CT<sup>®</sup> and US Extension to SNOMED CT<sup>®</sup> Codes

- Hypertension  
SNOMED CT<sup>®</sup> Code: 38341003  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, May 1, 2009)
- Moderate left ventricular systolic dysfunction  
US Extension to SNOMED CT<sup>®</sup> Code: 981000124106  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, May 21, 2009)
- Persistent asthma  
US Extension to SNOMED CT<sup>®</sup> Code: 5281000124103  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, January 3, 2007)

#### TSD170.314(a)(5) – 2: Electronically Change Patient Active Problem List in an Ambulatory Setting

**Status** of Moderate left ventricular systolic dysfunction was **changed** from Vendor-supplied (for example, Active) to Vendor-supplied (for example, **Resolved**)  
**Date changed:** Vendor-supplied (for example, June 22, 2012)

Persistent asthma was **changed** to

**Asthma**  
**SNOMED CT<sup>®</sup> Code:** 195967001  
**Date changed:** Vendor-supplied (for example, August 2, 2012)

Revised Problem List (active and historical)

Using IHTSDO SNOMED CT<sup>®</sup> and US Extension to SNOMED CT<sup>®</sup> Codes

- Hypertension  
SNOMED CT<sup>®</sup> Code: 38341003  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, May 1, 2009)
- Moderate left ventricular systolic dysfunction  
US Extension to SNOMED CT<sup>®</sup> Code: 981000124106  
Status: Vendor-supplied (for example, Resolved)  
Date diagnosed: Vendor-supplied (for example, May 21, 2009)  
Date changed: Vendor-supplied (for example, June 22, 2012)
- Asthma  
SNOMED CT<sup>®</sup> Code: 195967001  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, January 3, 2007)  
Date changed: Vendor-supplied (for example, August 2, 2012)

**TSD170.314(a)(5) – 3a: Electronically Access Patient Active Problem List in an Ambulatory Setting**

Active Problem List

Using IHTSDO SNOMED CT<sup>®</sup> and US Extension to SNOMED CT<sup>®</sup> Codes

- Hypertension  
SNOMED CT<sup>®</sup> Code: 38341003  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, May 1, 2009)
- Asthma  
SNOMED CT<sup>®</sup> Code: 195967001  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, January 3, 2007)  
Date changed: Vendor-supplied (for example, August 2, 2012)

**TSD170.314(a)(5) – 3b: Electronically Access Patient Problem History in an Ambulatory Setting**

Problem History List (active and historical)

Using IHTSDO SNOMED CT<sup>®</sup> and US Extension to SNOMED CT<sup>®</sup> Codes

- Hypertension  
SNOMED CT<sup>®</sup> Code: 38341003  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, May 1, 2009)

- Moderate left ventricular systolic dysfunction  
US Extension to SNOMED CT® Code: 981000124106  
Status: Vendor-supplied (for example, Resolved)  
Date diagnosed: Vendor-supplied (for example, May 21, 2009)  
Date changed: Vendor-supplied (for example, June 22, 2012)
- Asthma  
SNOMED CT® Code: 195967001  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, January 3, 2007)  
Date changed: Vendor-supplied (for example, August 2, 2012)

DRAFT

## Inpatient Setting Test Scenario Data

### Patient Demographics

**Name:** Isabella Jones  
**Sex:** Female  
**Date of Birth:** 05/01/1947  
**Race:** White  
**Ethnicity:** Not Hispanic or Latino  
**Preferred Language:** English (ISO 639-2 alpha 3 code: eng)

### TSD170.314(a)(5) – 4: Electronically Record Patient Active Problem List in an Inpatient Setting

Using IHTSDO SNOMED CT<sup>®</sup> and US Extension to SNOMED CT<sup>®</sup> Codes

- Bacterial pneumonia  
SNOMED CT<sup>®</sup> Code: 53084003  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, August 6, 2012)
- Menopausal depression  
SNOMED CT<sup>®</sup> Code: 84788008  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, October 20, 2011)
- Persistent asthma  
US Extension to SNOMED CT<sup>®</sup> Code: 5281000124103  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, January 3, 2007)

### TSD170.314(a)(5) – 5: Electronically Change Patient Active Problem List in an Inpatient Setting

Bacterial pneumonia was **changed** to

**Pneumonia**

**SNOMED CT<sup>®</sup> Code: 233604007**

**Date changed:** Vendor-supplied (for example, August 6, 2012)

**Status** of Menopausal depression was **changed** from

Vendor-supplied (for example, Active) to

Vendor-supplied (for example, **Resolved**)

**Date changed:** Vendor-supplied (for example, November 20, 2011)

Persistent asthma was **changed** to

**Asthma**

**SNOMED CT<sup>®</sup> Code: 195967001**

**Date changed:** Vendor-supplied (for example, August 2, 2012)

Revised Problem List (active and historical)

Using IHTSDO SNOMED CT<sup>®</sup> and US Extension to SNOMED CT<sup>®</sup> Codes

- Pneumonia  
SNOMED CT<sup>®</sup> Code: 233604007  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, August 6, 2012)  
Date changed: Vendor-supplied (for example, August 6, 2012)
- Menopausal depression  
SNOMED CT<sup>®</sup> Code: 84788008  
Status: Vendor-supplied (for example, Resolved)  
Date diagnosed: Vendor-supplied (for example, October 20, 2011)  
Date changed: Vendor-supplied (for example, November 20, 2011)
- Asthma  
SNOMED CT<sup>®</sup> Code: 195967001  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, January 3, 2007)  
Date changed: Vendor-supplied (for example, August 2, 2012)

**TSD170.314(a)(5) – 6a: Electronically Access Patient Active Problem List in an Inpatient Setting**

Active Problem List

Using IHTSDO SNOMED CT<sup>®</sup> and US Extension to SNOMED CT<sup>®</sup> Codes

- Pneumonia  
SNOMED CT<sup>®</sup> Code: 233604007  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, August 6, 2012)  
Date changed: Vendor-supplied (for example, August 6, 2012)
- Asthma  
SNOMED CT<sup>®</sup> Code: 195967001  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, January 3, 2007)  
Date changed: Vendor-supplied (for example, August 2, 2012)

## TSD170.314(a)(5) – 6b: Electronically Access Patient Problem History in an Inpatient Setting

### Problem History List (active and historical)

Using IHTSDO SNOMED CT<sup>®</sup> and US Extension to SNOMED CT<sup>®</sup> Codes

- Pneumonia  
SNOMED CT<sup>®</sup> Code: 233604007  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, August 6, 2012)  
Date changed: Vendor-supplied (for example, August 6, 2012)
- Menopausal depression  
SNOMED CT<sup>®</sup> Code: 84788008  
Status: Vendor-supplied (for example, Resolved)  
Date diagnosed: Vendor-supplied (for example, October 20, 2011)  
Date changed: Vendor-supplied (for example, November 20, 2011)
- Asthma  
SNOMED CT<sup>®</sup> Code: 195967001  
Status: Vendor-supplied (for example, Active)  
Date diagnosed: Vendor-supplied (for example, January 3, 2007)  
Date changed: Vendor-supplied (for example, August 2, 2012)
