

Test Data for §170.314(a)(7) Medication allergy list

Reference the test procedure for test data implementation guidance.

RxNorm codes are not required to meet this certification criterion. RxNorm codes reflect ingredient hierarchy and are provided for reference only. All reaction and status data are Vendor-supplied; no standard format is required.

Ambulatory Setting Test Data

TD170.314(a)(7) – 1: Electronically Record Patient Active Medication Allergy List in an Ambulatory Setting

- Sulfasalazine
RxNorm code: 9524
Reaction: Vendor-supplied (for example, Wheezing)
Status: Vendor-supplied (for example, Active)
- Penicillin V
RxNorm code: 7984
Reaction: Vendor-supplied (for example, Dizziness)
Status: Vendor-supplied (for example, Active)
- Carbamazepine
RxNorm code: 2002
Reaction: Vendor-supplied (for example, Skin rash)
Status: Vendor-supplied (for example, Active)

TD170.314(a)(7) – 2: Electronically Change Patient Active Medication Allergy List in an Ambulatory Setting

Status of the Sulfasalazine allergy was **changed** from

Vendor-supplied (for example, Active) to
Vendor-supplied (for example, **Inactive**)

Penicillin V was **changed** to

Penicillin G
RxNorm code: 7980

Carbamazepine was **changed** to

Codeine
RxNorm code: 2670

Revised Medication Allergy List (active and historical)

- Sulfasalazine
RxNorm code: 9524
Reaction: Vendor-supplied (for example, Wheezing)
Status: Vendor-supplied (for example, Inactive)

- Penicillin G
RxNorm code: 7980
Reaction: Vendor-supplied (for example, Dizziness)
Status: Vendor-supplied (for example, Active)
- Codeine
RxNorm code: 2670
Reaction: Vendor-supplied (for example, Skin rash)
Status: Vendor-supplied (for example, Active)

TD170.314(a)(7) – 3a: Electronically Access Patient Active Medication Allergy List in an Ambulatory Setting

Active Medication Allergy List

- Penicillin G
RxNorm code: 7980
Reaction: Vendor-supplied (for example, Dizziness)
Status: Vendor-supplied (for example, Active)
- Codeine
RxNorm code: 2670
Reaction: Vendor-supplied (for example, Skin rash)
Status: Vendor-supplied (for example, Active)

TD170.314(a)(7) – 3b: Electronically Access Patient Medication Allergy History in an Ambulatory Setting

Medication Allergy History List (active and historical)

- Sulfasalazine
RxNorm code: 9524
Reaction: Vendor-supplied (for example, Wheezing)
Status: Vendor-supplied (for example, Inactive)
- Penicillin G
RxNorm code: 7980
Reaction: Vendor-supplied (for example, Dizziness)
Status: Vendor-supplied (for example, Active)
- Codeine
RxNorm code: 2670
Reaction: Vendor-supplied (for example, Skin rash)
Status: Vendor-supplied (for example, Active)

Inpatient Setting Test Data

TD170.314(a)(7) – 4: Electronically Record Patient Active Medication Allergy List in an Inpatient Setting

- Insulin Detemir
RxNorm code: 139825
Reaction: Vendor-supplied (for example, Facial swelling)
Status: Vendor-supplied (for example, Active)
- Cefaclor
RxNorm code: 2176
Reaction: Vendor-specified (for example, Anaphylaxis)
Status: Vendor-supplied (for example, Active)
- Ibuprofen
RxNorm code: 5640
Reaction: Vendor-supplied (for example, Hives)
Status: Vendor-supplied (for example, Active)

TD170.314(a)(7) – 5: Electronically Change Patient Active Medication Allergy List in an Inpatient Setting

Status of the Insulin Detemir allergy was **changed** from
Vendor-supplied (for example, Active) to
Vendor-supplied (for example, **Inactive**)

Cefaclor was **changed** to

Cefadroxil

RxNorm code: 2177

Ibuprofen was **changed** to

Celecoxib

RxNorm code: 140587

Revised Medication Allergy List (active and historical)

- Insulin Detemir
RxNorm code: 139825
Reaction: Vendor-supplied (for example, Facial swelling)
Status: Vendor-supplied (for example, Inactive)
- Cefadroxil
RxNorm code: 2177
Reaction: Vendor-specified (for example, Anaphylaxis)
Status: Vendor-supplied (for example, Active)

- Celecoxib
RxNorm code: 140587
Reaction: Vendor-supplied (for example, Hives)
Status: Vendor-supplied (for example, Active)

TD170.314(a)(7) – 6a: Electronically Access Patient Active Medication Allergy List in an Inpatient Setting

Active Medication Allergy List

- Cefadroxil
RxNorm code: 2177
Reaction: Vendor-specified (for example, Anaphylaxis)
Status: Vendor-supplied (for example, Active)
- Celecoxib
RxNorm code: 140587
Reaction: Vendor-supplied (for example, Hives)
Status: Vendor-supplied (for example, Active)

TD170.314(a)(7) – 6b: Electronically Access Patient Medication Allergy History in an Inpatient Setting

Medication Allergy History List (active and historical)

- Insulin Detemir
RxNorm code: 139825
Reaction: Vendor-supplied (for example, Facial swelling)
Status: Vendor-supplied (for example, Inactive)
- Cefadroxil
RxNorm code: 2177
Reaction: Vendor-specified (for example, Anaphylaxis)
Status: Vendor-supplied (for example, Active)
- Celecoxib
RxNorm code: 140587
Reaction: Vendor-supplied (for example, Hives)
Status: Vendor-supplied (for example, Active)
