

## Test Scenario Data for §170.314(a)(7) Medication allergy list

Reference the Test Scenario Procedure for Test Scenario Data implementation guidance.

RxNorm codes are not required to meet this certification criterion. RxNorm codes reflect ingredient hierarchy and are provided for reference only. All reaction and status data are Vendor-supplied; no standard format is required.

### Ambulatory Setting Test Scenario Data

#### Patient Demographics

**Name:** Myra Jones  
**Sex:** Female  
**Date of Birth:** 05/01/1947  
**Race:** White  
**Ethnicity:** Not Hispanic or Latino  
**Preferred Language:** English (ISO 639-2 alpha 3 code: eng)

#### TSD170.314(a)(7) – 4: Electronically Record Patient Active Medication Allergy List in an Ambulatory Setting

- Bactrim  
RxNorm code: 208416  
Reaction: Vendor-supplied (for example, Rash)  
Status: Vendor-supplied (for example, Active)
- Ibuprofen  
RxNorm code: 5640  
Reaction: Vendor-supplied (for example, Hives)  
Status: Vendor-supplied (for example, Active)
- Carbamazepine  
RxNorm code: 2002  
Reaction: Vendor-supplied (for example, Dizziness)  
Status: Vendor-supplied (for example, Active)

#### TSD170.314(a)(7) – 5: Electronically Change Patient Active Medication Allergy List in an Ambulatory Setting

Ibuprofen was **changed** to

**Aspirin**  
**RxNorm code: 1191**

**Status** of the Carbamazepine allergy was **changed** from  
Vendor-supplied (for example, Active) to  
Vendor-supplied (for example, **Inactive**)

Revised Medication Allergy List (active and historical)

- Bactrim  
RxNorm code: 208416  
Reaction: Vendor-supplied (for example, Rash)  
Status: Vendor-supplied (for example, Active)
- Aspirin  
RxNorm code: 1191  
Reaction: Vendor-supplied (for example, Hives)  
Status: Vendor-supplied (for example, Active)
- Carbamazepine  
RxNorm code: 2002  
Reaction: Vendor-supplied (for example, Dizziness)  
Status: Vendor-supplied (for example, Inactive)

**TSD170.314(a)(7) – 6a: Electronically Access Patient Active Medication Allergy List in an Ambulatory Setting**

Active Medication Allergy List

- Bactrim  
RxNorm code: 208416  
Reaction: Vendor-supplied (for example, Rash)  
Status: Vendor-supplied (for example, Active)
- Aspirin  
RxNorm code: 1191  
Reaction: Vendor-supplied (for example, Hives)  
Status: Vendor-supplied (for example, Active)

**TSD170.314(a)(7) – 6b: Electronically Access Patient Medication Allergy History in an Ambulatory Setting**

Medication Allergy History List (active and historical)

- Bactrim  
RxNorm code: 208416  
Reaction: Vendor-supplied (for example, Rash)  
Status: Vendor-supplied (for example, Active)
- Aspirin  
RxNorm code: 1191  
Reaction: Vendor-supplied (for example, Hives)  
Status: Vendor-supplied (for example, Active)

- Carbamazepine  
RxNorm code: 2002  
Reaction: Vendor-supplied (for example, Dizziness)  
Status: Vendor-supplied (for example, Inactive)

DRAFT

## Inpatient Setting Test Scenario Data

### Patient Demographics

**Name:** Isabella Jones  
**Sex:** Female  
**Date of Birth:** 05/01/1947  
**Race:** White  
**Ethnicity:** Not Hispanic or Latino  
**Preferred Language:** English (ISO 639-2 alpha 3 code: eng)

### TSD170.314(a)(7) – 1: Electronically Record Patient Active Medication Allergy List in an Inpatient Setting

- Bactrim  
RxNorm code: 208416  
Reaction: Vendor-supplied (for example, Rash)  
Status: Vendor-supplied (for example, Active)
- Ibuprofen  
RxNorm code: 5640  
Reaction: Vendor-supplied (for example, Hives)  
Status: Vendor-supplied (for example, Active)
- Carbamazepine  
RxNorm code: 2002  
Reaction: Vendor-supplied (for example, Dizziness)  
Status: Vendor-supplied (for example, Active)

### TSD170.314(a)(7) – 2: Electronically Change Patient Active Medication Allergy List in an Inpatient Setting

Ibuprofen was **changed** to

**Aspirin**

**RxNorm code: 1191**

**Status** of the Carbamazepine allergy was **changed** from Vendor-supplied (for example, Active) to Vendor-supplied (for example, **Inactive**)

#### Revised Medication Allergy List (active and historical)

- Bactrim  
RxNorm code: 208416  
Reaction: Vendor-supplied (for example, Rash)  
Status: Vendor-supplied (for example, Active)

- Aspirin  
RxNorm code: 1191  
Reaction: Vendor-supplied (for example, Hives)  
Status: Vendor-supplied (for example, Active)
- Carbamazepine  
RxNorm code: 2002  
Reaction: Vendor-supplied (for example, Dizziness)  
Status: Vendor-supplied (for example, Inactive)

### **TSD170.314(a)(7) – 3a: Electronically Access Patient Active Medication Allergy List in an Inpatient Setting**

#### Active Medication Allergy List

- Bactrim  
RxNorm code: 208416  
Reaction: Vendor-supplied (for example, Rash)  
Status: Vendor-supplied (for example, Active)
- Aspirin  
RxNorm code: 1191  
Reaction: Vendor-supplied (for example, Hives)  
Status: Vendor-supplied (for example, Active)

### **TSD170.314(a)(7) – 3b: Electronically Access Patient Medication Allergy History in an Inpatient Setting**

#### Medication Allergy History List (active and historical)

- Bactrim  
RxNorm code: 208416  
Reaction: Vendor-supplied (for example, Rash)  
Status: Vendor-supplied (for example, Active)
- Aspirin  
RxNorm code: 1191  
Reaction: Vendor-supplied (for example, Hives)  
Status: Vendor-supplied (for example, Active)
- Carbamazepine  
RxNorm code: 2002  
Reaction: Vendor-supplied (for example, Dizziness)  
Status: Vendor-supplied (for example, Inactive)
