

HIT Standards Committee

Consumer/Patient Engagement Power Team

Leslie Kelly Hall, Chair

Health IT Standards Committee Meeting
March 27, 2012

CHARGE:

- Assess the Standards and Certification Criteria NPRM and provide recommendations for strengthening consumer/patient engagement components. The Power Team will prioritize recommendations to enable patients to participate as partners in their care.
- NOTE: The patient engagement objectives of the Meaningful Use NPRM are being addressed in the HITPC. Privacy and security issues are covered in other workgroups of the HIT Policy Committee and HIT Standards Committee.
