ONC's Certified Health IT Product List (CHPL)

ONC Annual Meeting
November 30, 2018

Papia Paul, Public Health Analyst, ONC

Certified Health IT Product List (CHPL)

- The ONC CHPL is the authoritative, comprehensive listing of all health IT products that have been tested and certified under the ONC Health IT Certification Program.

  ### https://chpl.healthit.gov

- Voluntary certification program established to provide for the certification of health IT standards, implementation specifications, and certification criteria adopted by HHS.

- Health IT products are listed on the CHPL after eligible components have been successfully tested by an ONC Authorized Testing Laboratory (ONC-ATL) and certified by an ONC Authorized Certification Body (ONC-ACB).

The Office of the National Coordinator for
Health Information Technology

Using the CHPL

- The CHPL contains data on certified health IT that includes information on:

  » Certification criteria to which the health IT has been certified

  » Usability testing results

  » Non-conformities, including any surveillance activities and their corrective action plans/resolution

- All the data is viewable directly on the CHPL website.

  » For users who want greater access to the data, the CHPL has APIs and downloadable XML files containing the complete data available.

- Resources

  » CHPL Overview: https://chpl.healthit.gov/#/resources/overview

  » CHPL Public User Guide:

    https://www.healthit.gov/sites/default/files/policy/chpl_public_user_guide.pdf
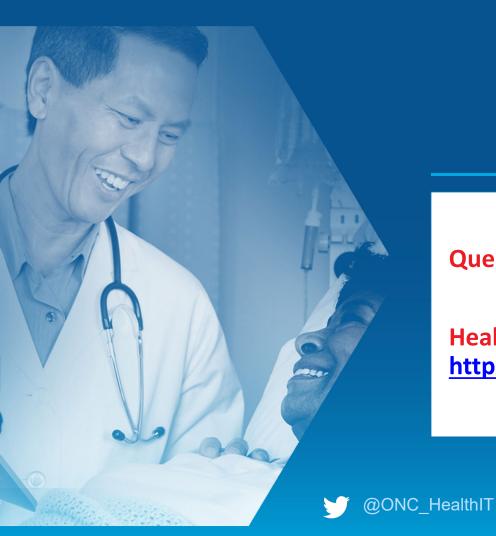

Breakout Session

Exploring the Certified Health IT Product List (CHPL):
Data Findings and Applications

3:00 - 4:00pm   Monroe

Learn about data available in the Open Certified Health IT Product List (CHPL), findings from ONC's analysis of the CHPL data, and the winners of the CHPL Data Challenge.
