Today's Agenda:

- Roll Call and Welcome
- Summary and Action Plan
- Discuss HITAC Meeting and Feedback
- Broader Intersection of Clinical and Administrative Data
- Public Comment
- Next Steps

Vision: Support the convergence of clinical and administrative data to improve data interoperability to support clinical care, reduce burden and improve efficiency—furthering implementation of “record once and reuse.”

Overarching Charge: Produce information and considerations related to the merging of clinical and administrative data, its transport structures, rules and protections, for electronic prior authorizations to support work underway, or yet to be initiated, to achieve the vision.

A large, abstract graphic composed of overlapping, semi-transparent geometric shapes (triangles, squares, hexagons) in various shades of blue, green, yellow, and orange. The shapes are arranged in a way that creates a sense of depth and movement, with some shapes appearing to be layered on top of others.

Summary and Action Plan

Last Meeting

- Draft Recommendations Comments and Discussion
 - The Task Force reviewed comments on the last few recommendations, made edits, and discussed moving forward
- Broader Intersection Discussion
 - The Task Force had a rich discussion, including themes related to workflow integration, the importance of patient centeredness, transparency, and support for workflows across the care continuum.

An abstract graphic composed of various colored triangles and polygons, including shades of blue, green, yellow, and orange, arranged in a complex, overlapping pattern on the left side of the slide.

Discussion of HITAC Meeting and Feedback

HITAC Comments

- Major Themes:
 - Recognition of extensive work to date and enthusiastic support
 - Guiding Principles to recommendations correlation needs to be explicit
 - Increased specificity of recommendations
 - More focus on patient and caregiver involvement and engagement
 - Price transparency
