Public Health Data Systems

Micky Tripathi, National Coordinator for Health IT, ONC
Public Health Data Systems Task Force

Overarching Charge:

• This Task Force will inform HHS’s response to President Biden’s Executive Order on Ensuring a Data-Driven Response to COVID-19 and Future High-Consequence Public Health Threats.

Specific Charge:

• The Public Health Data Systems Task Force shall:
  • Identify and prioritize policy and technical gaps associated with the effectiveness, interoperability, and connectivity of information systems relevant to public health. This would include a focus on surveillance systems, infrastructure improvements, health equity, clinical engagement, long-term service and support systems, research and innovation, and empowering individuals.
  • Identify characteristics of an optimal future state for information systems relevant to public health and their use.
Public Health Data Systems Task Force

• Any questions from any of the HITAC members?

• HITAC members should email the DFO, Mike Berry, at Michael.Berry@hhs.gov to express interest in participating, and indicate if you are interested in serving as a co-chair.
