September 23, 2013

Proven Solution

*My*Directives.com

Leverage Existing Standards

Consolidated CDA	Advance Directives	Struct. Entries
Continuity of Care Document	MAY	Optional
Consultation Note	MAY	Optional
Referral Note	MAY	Optional
New – Transfer Summary	SHOULD	Required
New – Care Plan		
Discharge Summary		
Operative Note		
Procedure Note		

Recommendation Summary

- Template changes for longitudinal record
- Tighter conformance in C-CDA documents
 - MAY to SHOULD; Optional to Required
- Adjust Meaningful Use age constraint
- Confirm minimum vocabulary for AD
 - Richer vocabulary is a future need
