

# Provider VDT Listening Session

HHS/ONCIT  
HIT Policy Meaningful Use Workgroup

Greg L Wolverton, FHIMSS,

## Stage 2 VDT Product Information

- Vendor: Greenway (SuccessEHS) V7.0
  - Drummond 2014 Certified 09122013-2181-1
  - Certified for 30 CQM's
- Syndromic/Surveillance Tested with SHARE
- ADT testing 02/20/2014
- Full loading 03/01/2014

# VDT Tool Experience

- Fairly seamless with the product
- All new territory with HIE
- Required new workflow and training
  - Generally 30 minutes for each community of profession
  - Required 30 hours of workflow production time between 3 educators.
- Challenges – Training

## Stage 2 VDT Best Practice

- Ensure that staff are educated before consumers
- Have education material available to public
- Create marketing campaigns to all stakeholders, Internal and External
- Existing patient portals allow consumers to better understand

## Stage 2 VDT Vendor Fees

- No VDT Transaction fees, only initial setup of \$6500

## Stage 2 VDT Issues

- Not utilizing their MU\$ to pay for Stage 2
- No technical staff
- Lack of fundamental understanding among leadership
- Lack of total funds
